Selection guidance: Please refer to the model datasheet for detailed specifications, test conditions and matching requirements. Contact FCom for assistance with product selection.

Specifications: Confirm the bandwidth measurement level, insertion-loss limits and stopband frequency ranges in the selected model datasheet. Values without qualifiers should be confirmed with FCom.

Model selection: Products with the same center frequency may have different electrical characteristics. Please specify the complete part number when requesting technical information.

Technical files: Select Request PDF to request the corresponding model datasheet from FCom.
